**John,**

**Kerri and I just wanted to take some time to thank you for joining us the night of 9/30/24 at the barn. It was a true pleasure to get the chance to host the show with Hunter Skeens and the Forerunners. Ever since the first show that you guys played at our venue in support of the Toys For Tots program, we have thoroughly enjoyed getting the chance to work with the band to bring some of the best local music to our community, and knowing the caliber of people that each of you are, away from music just makes it better. We look forward to future events at our venue!**

**Thanks again!**
